PLATINUM JOINT SUPPORT

SUPERIOR OVER OTHER JOINT SUPPLEMENTS!†

**gets to
work fastest!**

Saba Platinum™ Joint Support is formulated with the most active form of Curcumin (95% Tetrahydrocurcuminoids). This premium active form of Curcumin is already pre-converted to the most bioavailable form, so it goes to work in your body almost immediately.

Saba Platinum™ Joint Support is a next generation inflammation fighter and joint support formula powered by clinically proven and patented Curcumin C3 Reduct® and other key ingredients to deliver fast results. **Saba Platinum™** is better than other brands because of the following:

- **250X More Potent than Curcumin†**
- **Healthy Fats and Clinically Proven BioPerine® to Deliver Maximize Bioavailability†**
- **Most Active & Bioavailable Curcumin Available†**
- **Fights Whole-Body Inflammation, Joint Problems and Oxidative Stress†**
- **46 Clinical Studies on this Brand of Curcumin†**
- **Greater Absorption than Curcumin†**

A MODERN SOLUTION TO JOINT AND MOBILITY PROBLEMS

Saba Platinum™ Joint Support is a smarter and holistic approach to combatting all your joint and mobility problems. This product will help you live and feel Platinum as you age. Just 2 capsules a day puts you back in control of your body, brain and how you age. Supercharge your life now - look and feel years younger.

Supplement Facts

Amount Per Serving	% Daily Value

PLATINUM JOINT SUPPORT

SUPERIOR OVER OTHER JOINT SUPPLEMENTS!†

Curcumin C3 Reduct

CURCUMIN C3 REDUCT: (95% Tetrahydrocurcuminoids)

Curcumin C3 Reduct® is a unique, patented (U.S. PATENT #5,861,415 (1999) and INTERNATIONAL PATENT: European Patent # EP0839037 (2002)) extract of the Curcuma longa root, commonly known as "Turmeric." Turmeric has long been used in Ayurvedic medicine for centuries and is a common household remedy in India. The active constituent is known as Curcumin. Saba Platinum™ brand stands apart by using patented Curcumin C3 Reduct®, standardized to contain high concentrations of the herb's active ingredients (curcuminoids) to guarantee optimal absorption and benefits.†

Boswellia Serrata

BOSWELLIA SERRATA EXTRACT: Boswellia is a large branching tree native to India, Northern Africa, and the Middle East. The trunk is tapped for its resin, which is purified and used in herbal preparations. This resin, or gum, also contains the primary active components, boswellic acids, used in modern herbal preparations. Clinical trials have demonstrated that boswellic acids have anti-inflammatory properties. Extracts of boswellia are most commonly used for chronic inflammatory ailments. In May of 2013, the Natural Medicines Comprehensive Database indicated that boswellia extracts "can reduce pain and improve mobility in people with osteoarthritis in joints."†

White Willow Bark -
15% Salicin

WHITE WILLOW BARK

White Willow Bark comes from the white willow tree (Salix alba) which grows in North America, Asia, and Europe. White willow has a natural supply of salicin to help support joints and reduce muscle discomfort.†

Devil's Claw
(Grapple Plant)

DEVIL'S CLAW (GRAPPLE PLANT):

Devil's Claw (also called Grapple plant) is indigenous to Africa and gets its name for its eccentric hooks rooted in the fruit. Devil's claw has been widely used for joint health. A number of scientific studies have found that it can help with joint and mobility pain and stiffness.†

Black Cumin Seed Oil
(Nigell Sativa)

BLACK CUMIN SEED OIL (NIGELL SATIVA)

Black seed oil is an oil that is extracted from the seeds of black cumin(Nigella sativa), a plant native to southwest Asia. One of the key components of black seed oil is thymoquinone, a compound with antioxidant properties that reduces levels of inflammation in blood.†

Biosperine

BIOSPERINE®:

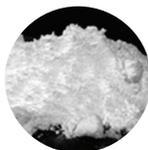

Enhances the bioavailability of various nutrients by increasing absorption so you receive the full benefits of the product.†

Vitamin D

VITAMIN D:

Vitamin D is very important for joint health. Research shows that people with low levels of Vitamin D are at a high risk of joint problems.†

Moriston Cetyl
Myristoleate

CETYL MYRISTOLEATE:

Cetyl Myristoleate, or CMO, is a fatty acid found naturally in certain animals. CMO can help with the wear and tear of the cartilage surrounding your joints to improve mobility and reduce inflammation.†

FORMULATED WITH

Curcumin C3 Reduct® and BioPerine® are registered trademarks of Sabinsa Corporation

KEY BENEFITS:

- Supports Joint Health †
- Reduces Aches & Discomforts †
- Improves Joint Mobility†
- Combats Depressive Disorders†
- Fights Metabolic Syndrome†
- Promotes Neuroprotective Functions †
- Pain Management †
- Inflammation Management†
- Improves Digestive, Immune and Brain Health †

Trusted for Over 30 Years!

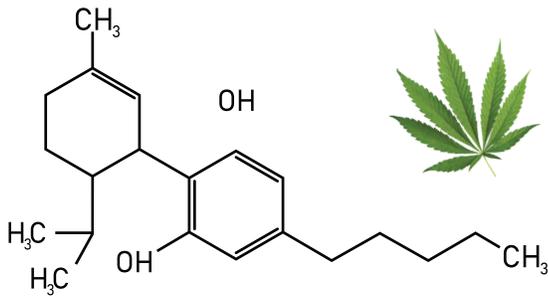

PILLAR OF YOUTH®

PHYTOCANNABINOID
FULL-SPECTRUM BLEND
PROMOTES OPTIMAL WELLNESS†

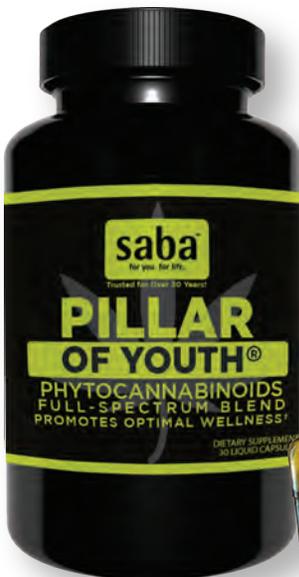

WE'VE DONE OUR RESEARCH!

Saba Pillar of Youth® is formulated with Full-Spectrum Phytocannabinoids from the whole hemp plant to support the Endocannabinoid System and promote optimal wellness. While the body produces its own cannabinoids, a supplementary addition of exogenous cannabinoids like Saba Pillar of Youth®, hemp can help prevent deficiency of Endocannabinoids and achieve balance in the body to promote optimal health.

Each of our Saba Pillar of Youth® liquid capsules contains 15mg of phytocannabinoids that go beyond regular CBD products. Our comprehensive formula includes full-spectrum hemp phytocannabinoids that target multiple receptors throughout the body to maintain homeostasis and deliver numerous health benefits in a natural way.

Each serving reduces temporary inflammation[†], promotes calmness[†] and relaxation[†], and recharges your body so you can take on the day, feeling and performing your best.[†]

Supplement Facts

Amount Per Serving	% Daily Value
Hemp Stalk and Stem Extract	83.33 mg †
Total Phytocannabinoids	15 mg †

† Daily Value not established.

Other Ingredients: Medium Chain Triglycerides (from Coconut Fruit Oil), Hydroxypropylmethylcellulose, Silicon Dioxide.
Contains: Tree Nuts (Coconut).
Suggested Uses: As a dietary supplement, adults take one liquid capsule per day.

Warnings: Consult your doctor before starting this product. Do not use if you are pregnant, nursing, have any medical conditions, are chronically ill or are taking any medical prescriptions. Protect this product from heat, light and moisture. Store at room temperature. Do not purchase if seal is broken.

KEEP OUT OF THE REACH OF CHILDREN. THIS PRODUCT IS NOT INTENDED FOR ANYONE UNDER THE AGE OF 18 WITHOUT A PHYSICIAN'S CONSENT.

The most well-known of the phytocannabinoids, aside from CBD, is tetrahydrocannabinol, or THC. THC is the psychoactive compound that gets you high. To be clear, Saba Pillar of Youth® does not contain THC (Less than 0.3% THC). CBD is not psychoactive, and will not make you high.

KEY BENEFITS:

- Supports the endocannabinoid system[†]
- Maintains and supports your body's mind and equilibrium[†]
- Relieves symptoms of anxiety and stress[†]
- Promotes calmness and relaxation[†]
- Medium Chain Triglycerides promote higher bioavailability through healthy digestion[†]
- Supports restful sleep[†]

**LIVING HEALTHY
SHOULDN'T BE
COMPLICATED**

WELCOME TO THE FOUNDATION OF YOUTH

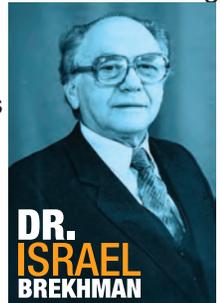

The human body is complex and made up of trillions of cells that perform countless essential functions. Virtually all the biochemical reactions that happen every second throughout the entire body occur inside cells. This is where enzymes, proteins, neurotransmitters and hormones are made. Inside the cell is where nutrients are utilized, and energy is produced. If a cell does not function, the metabolic processes necessary to sustain life are compromised. When cells are healthy and functioning optimally, a person is healthy. When cells are dysfunctional adverse conditions like weight gain, and even more serious conditions can manifest. **Saba Pomegranate Plus[™]** is carefully crafted with your body's intricate needs in mind. With each daily serving, you're helping fill in the nutritional gaps in your diet, so you can provide your cells

with the essential nutrients it needs to function optimally. You will get high-quality, essential vitamins, minerals, antioxidants, phytonutrients, coenzymes, digestive enzymes, carotenoids, adaptogens, and other nutrients that are typically hard to get from the average diet.

Experts believe oxidative stress has a number of undesirable effects on your body. You can't completely avoid oxidative stress. That's because it happens every time your cells are exposed to oxygen. When molecules inside cells come into contact with oxygen, it "oxidizes" them, causing them to lose an electron and become unstable. These unstable molecules can go on to damage cellular components like DNA and cell membranes. Oxidative stress is hard to completely avoid but you can limit its impact on your health through regular exercise, avoiding exposure to toxins in personal care and household products, limiting processed foods, eating more whole foods, especially fruits and vegetables, and supplementing with **Saba Pomegranate Plus[™]** daily. Unlike competing products, **Saba Pomegranate Plus[™]** contains adaptogens that help the body better

handle external and internal stressors. They enhance the body's ability to perform physically and increase energy and mental alertness. Russian scientist **Dr. Israel Brekhman** spent his lifetime and career studying adaptogens and how we can use them to prime and protect the body.

With **Saba Pomegranate Plus[™]**, you can take some of Brekhman's best work and have the best adaptogens to take your health to the next level!

Saba Pomegranate Plus[™] also contains **AstaReal[®]** astaxanthin from the microalgae, *Haematococcus pluvialis*, a natural carotenoid that can be found in arctic marine environments. It is the most studied brand of astaxanthin in the world for the support of skin health, anti-aging, muscle endurance and recovery, cardiovascular function, mental clarity, brain health, and eye health.[†]

KEY BENEFITS:

- Nourishes Cells with a Broad Range of Essential Antioxidants[†]
- Protects the Body from Stress[†]
- Minimizes Damage from Free Radicals[†]
- Contributes to Cardiovascular Wellness[†]
- Supports a Healthy Immune System[†]
- Supports Healthy Blood Pressure Levels[†]
- Reduces Oxidative Stress[†]
- Supports Vision Health[†]
- Fights the Effects of Aging[†]

Supplement Facts

Serving Size: 2 Vegetarian Capsules
Servings Per Container: 30

	Amount Per Serving	% Daily Value
Vitamin A	1,500 mcg	167%
Saba Pomegranate Plus[™] Proprietary Blend:	1,200 mg	**
Grape seed extract		
Acai fruit extract (<i>Euterpe oleracea</i>)		
Bilberry fruit extract		
<i>Polygonum cuspidatum</i> root extract (50% resveratrol)		
Beet root powder		
Pomegranate fruit concentrate		
Goji fruit extract (<i>Lycium barbarum</i>)		
Schizandra fruit extract
